

Staff Travel Voyage

The tour packages offered by ETTS cover both the Leeward and Windward sides of mainland St. Vincent. The nature of the road systems on the island do not allow for a full tour experience of both sides in one day, but ETTS strives to make the most out of any tour! Multi-stop tours are offered that allow you to see, feel and learn as much as possible, making the journey just as important as the destination.

The tour packages offered by ETTS are either full or half day tours that run between 9:30am to 3:30pm. All tours include light refreshments (water, soft drinks and fruits). Special needs can be catered for upon request.

Lunch stops are possible during all tours; however, a packed lunch is recommended, especially for hiking tours.

Entrance Fees are additional to the costs quoted.
