DISCONTINUATION OF INTERNATIONAL FLIGHTS IN TARIME

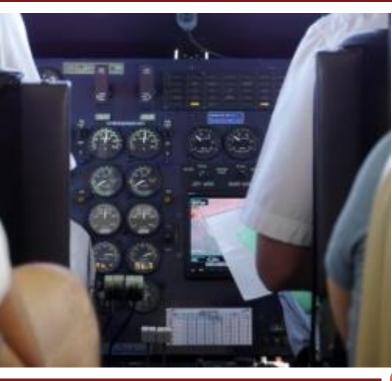

Following the sudden decision of Tanzanian Authorities to withdraw their authorization for international flights using Tarime as a point of entry/exit of the country, the following changes are introduced effective immediately:

- Nairobi Route: minimal impact, the flights ill continue using Musoma for customs and immigration
- Entebbe Route: Unfortunately this route is discontinued. We will honor all existing bookings and in the mean time work on a viable solution to bring the flight back
- Serengeti Masaai Mara Route: This route is not affected and continues via Tarime and Migori as normal.

NEW IDEA: ZANZIBAR - DAR 24H SHUTTLE

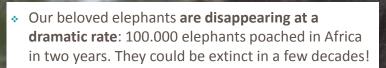

- A continuous day and night service, targeting seamless international connections.
- * Directly to Terminal 2 Julius Nyerere International Airport.
- Operated with a twin engine aircraft.

BAD NEWS

- Besides conservationism, tourism is the only chance to cover and monitor the territory: animals must be more valuable alive then dead.
- Tanzanian Southern circuit is more affected as less under the eyes of the international community
- Selling is not only a matter of business, but of ethics: this is a call to action!
