

COMPANY PROFILE

WHO WE ARE

Amandatour is a leading Luxury Italian Tourist Organization supplying upscale services throughout Italy. Our name originates from the Latin word "Amanda" which literally means "things to be loved". We carefully selected this name to describe the enthusiasm we put into our daily work and love for our beautiful country which we are able to pass on to our partners and guests. The origin of the Company goes back to 1978 when the brothers Maurizio and Fausto Falcinelli created a Tour Operator which they ran until 1995, and sold in order to set up Amandatour. In May 2000 the Company was appointed GSA for Italy by Relais & Chateaux and in 2001 GSA for Italy by Silversea Cruises. The Company has its registered office in Milan, its headquarters in Florence, branches in Rome and Venice and the sister Company Amandatour Inc. in Los Angeles, which is already fast developing. Today Amandatour is an Incorporated Company and numbers 72 employees with a turnover of US\$ 52 million.

WHAT WE DO

Our Company provides services for some of the major worldwide outgoing T.O's and travel agencies, and offers transfers, guides, assistants, transportation, 24/7 help desk, and hotel reservations in more than 1800 hotels with contracted rates throughout the Italian territory. We don't feature just any hotel, but only those which, in our opinion, fall within an optimal quality/price ratio. In addition we offer customized itineraries throughout Italy for gourmet and wine tasting programs as well as cooking courses, villa and garden visits, bird watching, walking and personalized art experiences. All transportation services are provided by our own fleet of luxury vehicles, vans and minibuses.

HOW WE DO IT

Amandatour has almost two decades of experience in satisfying the most demanding clients from all over the world, providing tailor-made itineraries with high quality services. Our business philosophy and mission can be summarized in our motto: no complaints from clients. Even though we are proud of emphasizing the high performance of our technological system, we continue to believe that, in our business, the best technology is still the human being. That is why, to carry out its mission, our Company has organized, after many years of continuing education, a staff that boasts an exceptional level of expertise and professionalism which, in keeping with the highest traditions of passion and dedication, allows Amandatour to exceed all customers' expectations.
