Pinda Massage

30 minutes1 hour

A pinda massage involves the use of plant pouches (healing pillows) with completely natural ingredients. Their external finish is made from cotton fabric but their filling is comprised of mixtures of plants, rare roots, valuable blossoms and exotic fruit. During the treatment the heated plant pouches enlarges pores of the skin allowing essential oils and mix of herbs to absorb better into the deepest layers of epidermis. Depending on the filling and degree of heat they are used to alleviate tension of muscles, break down fats and improve skin's tonus or drain, improve blood circulation, metabolism and lymph circulation in legs.

BODY WRAPS

Marine algae 1 hour
Mineral Reaffirming Mud
Delight of chocolate 1 hour
Energizing/Relaxing /Balancing Silhouette Reaffirming Wrap 1 hour
Sea Salt 25 min
